

LCYSA - Referee Reimbursement Policy Motion : Oct 10, 2011

The explanation of referee reimbursement is as follows :

As an incentive for new referee's, LCYSA reimburses the small-sided course fee after the commitment of reffing 10 games has been met. This reimbursement applies to the initial small-sided course, and not the yearly re-fresher course fees.

- 1) Games counted will be those paid by LCYSA. These games may include the Opening Jamboree, and the Mini-Jamboree (if hosted by LCYSA).
- 2) LCYSA records will track who has ref'd Mini games. COYSA records will track who has ref'd Divisional games.
- 3) LCYSA does not reimburse fees for the District (full-field) course.

The process for referee reimbursement is as follows :

LCYSA payment records will identify those referee's that satisfy the 10 game commitment. The list of eligible candidates for reimbursement will be presented to the Board of Directors for approval. To ensure all seasonal expenses are paid in a timely manner, the candidates list is to be approved in advance of the Annual General Meeting.

Notes :

- a) the referee application on file with LCYSA will indicate the level of qualification (this documentation is required to be reimbursed for the small-sided fee).
- a) the expectation of the new small-sided referee is to provide coverage for mini games (U7-U10), played on Beasley Field.
